

Play With Me Dad!

Join us for an evening of learning and a morning of playing!

During the evening session, learn how playing with your child will provide them with rich learning experiences that will build the skills they need for success in school and in life. Learn the types of skills children learn directly through play time, how play builds and strengthens connections in the brain, and that playing with your young child is very important to your child's growth and development. And, during the morning session, spend some quality play time with your child, use the information you've learned, and have loads of fun!

- This free, 2-part workshop is for dads who have children birth to five years old.
- Learn more about your child's current and future development by completing an Ages & Stages Questionnaire.
- A free children's Brain Building gift bag will be given to each participant.
- A light dinner will be served during the evening session.
- The Saturday morning session is all about play – so bring your child(ren)!
- *Registration is required* by emailing cpcmecasld@verizon.net or by calling 617-696-2262.
- Milton residents will be prioritized.

Facilitated by Susan Marchioni, LMHC

When: Thursday, March 2, 2017 7:00-8:30 PM *and*
Saturday, March 11, 2017 11:00 AM-12:00 PM
